

PROJECTS

Ran-Jam

ran-jam.club

- A full-stack web app built with React, Node.js, Express.js, MongoDB, and Tone.js that allows the user to jam along with randomly created music.

GeoMindr

geomindr.com

- A full-stack web app with an emphasis on the backend; built with Node.js, Express.js, PostgreSQL, JavaScript, CSS, and HTML. The app allows users to record reminders and GPS coordinates via SMS. Reminder and location are saved in a database to be accessible by either web interface or SMS.

Parity

paritygame.club

- A memory game created using JavaScript, CSS, and HTML where the user matches tiles based on pictures and sounds pulled randomly from two APIs (Free Sound and Unsplash Image) making every gaming experience unique.

EDUCATION

Certification

September 2018 – January 2019

DigitalCrafts, Atlanta, GA

Master of Education

August 2010 – December 2012

Texas State University, San Marcos, TX

Bachelor of Arts in History
